

## SHOWMAX TERMS AND CONDITIONS

1. I represent and confirm that I am the originator or owner of the proposal and I am entitled to submit it to Showmax for consideration.
2. I acknowledge that Showmax receives many submissions of ideas, formats, stories, suggestions, and other materials that may be similar to my proposal and it may already be considering similar or identical ideas. I further acknowledge that Showmax may be producing or may have already produced ideas similar to my proposal. I therefore understand and agree that I will not be entitled to any compensation if Showmax subsequently commissions or produces material similar to my proposal.
3. Save where Showmax has agreed otherwise in writing, any material I send to Showmax will not be treated as confidential. Accordingly, I agree that: (i) such material shall not be subject to any obligation of confidence on the part of Showmax; (ii) no confidential or fiduciary relationship is intended or created between me and Showmax in any way; (iii) I have no expectation of review, compensation or consideration of any type.
4. Showmax's receipt of the ideas and materials in my unsolicited proposal is not an admission by Showmax of their novelty, priority, or originality, and it does not limit Showmax's right to contest existing or future intellectual property rights relating to my proposal. Further, by accepting my proposal, Showmax shall not adversely affect any copyright, trademark or other intellectual property rights it may already have or which it may seek to assert in the future.
5. Showmax reserves the right to delete any proposal which, in its sole discretion, it considers offensive, defamatory, racially prejudicial or unlawful or which otherwise infringes any rights of third parties.
6. I hereby indemnify Showmax against or absolve Showmax from any responsibility or liability for any damage, loss, injury or disappointment I suffer as a result of my submission of the proposal.
7. Showmax does not accept responsibility for any problems or technical malfunction of any system involved in the submission of the proposal (including but not limited to telephone networks or lines, computer systems or equipment, servers, system providers, software failure or traffic congestion on the internet, telephone lines or at any website).
